Site introduction

With the slogan: "JVC - SUPERIOR BRAND, FIRST-RATE QUALITY AND ENVIRONMENT FRIENDLINESS - FOR CUSTOMER SATISFACTION", JVL has implemented activities to protect the environment inside and outside company. For JVL's inside environment, we use lead free technology and establish objectives, targets and programs to save energy, reduce chemical, decrease waste and increase recycle rate. For JVL's outside environment, we organized for JVL dealers and JVL members to plant trees in Hue, Phan Thiet and Nha Trang. Next year, we will maintain these activities and establish new ones relating to public environmental activities.

Environmental compliance administrator **Vu Hoang Chuong**

FY2005 Environmental Activities

In April 2005, we organized for JVL members to plant trees in DaLat. We also reduce waste by decreasing defect on line, reducing discharge by practising a classification of recycle waste and not recycle waste.

Products/Technology Information

CTV

FLAT and NON-FLAT Colour TV products with lead free technology.

OPT

DVD player products.

DVC

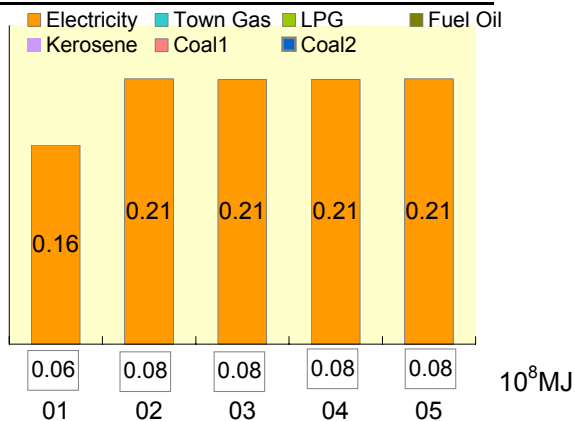

Digital Video Camera products.

Major Performance

* 05,2005: April 1,2004 - March 31,2005

Energy

Unit:1000kl

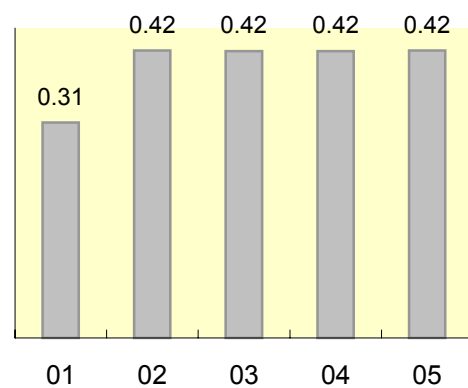

Natural Energy (FY2005)

0.00 (1000kW/h)

[Calculation standards]

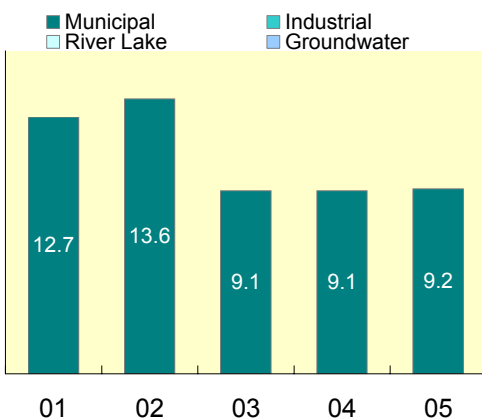

Electric power : 0.531 kgCO₂/kWh

CO2 Emmisions

Unit:1000t-CO₂

It is an almost fixed amount of the CO₂ emission for these several years. CO₂ is calculated according to electric power

Water

Unit:1000m³

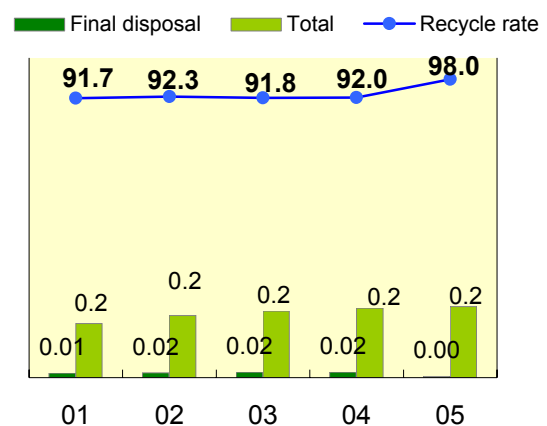

Circulated water

FY2005 0.00 m³

JVL mainly uses water for office activities

Waste

Unit:1000t,%

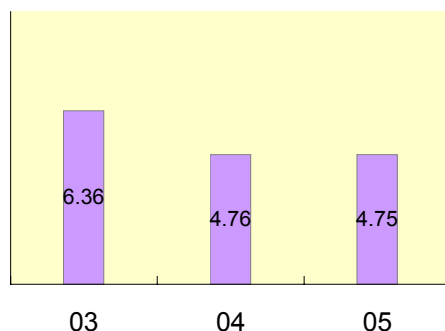

JVL's suppliers process waste

Chemical substances

This data has been disclosed data that globally execute 33/50 reduction pl;

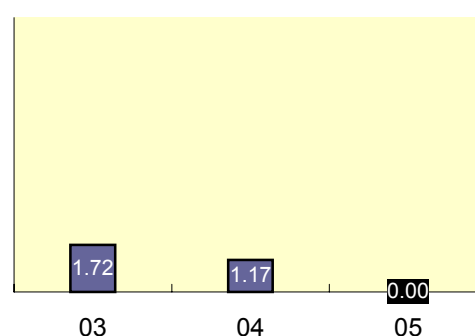

Unit:t

Handle

JVL's chemical is mainly thinner and lead

Released and Transferred

Compliance

	Number of vioration	Situation and countermeasure
Air	N/A	
Water	N/A	
Odor	N/A	
Noise/Vibration	N/A
